(561) 243-7922

General Information

The Theater:

The Crest Theatre is a proscenium style theater with a curved arch that has a height of 14 feet at center and 10 feet on the ends of the arc. There is an apron area that is also curved. It is 8-9 feet at center and 56 inches on either end.

Auditorium Seating Capacity

Orchestra	216
Balcony	107
Total	323

Loading Dock

The loading dock is located off NE 1st Avenue on the east side of the building (west side of the street). There is one bay. The dock is 4'5" high with double doors, each measuring 10' x 5', that open outward and lead into a small receiving area of 189 square feet. The receiving area is actually an extension of the SL wing beyond the back wall.

Shop

There is no shop. However, small repairs are possible in the receiving area. We are equipped with only hand-held power tools.

Truck and Bus Parking

Overnight parking may be available on the property. This must first be discussed with and approved by the Technical Director.

Control Booth locations

The lighting, audio, and spotlight areas are all separate rooms. The light booth resides on the House Left side of the auditorium, the audio booth resides on the House Right side of the auditorium and spotlight booth resides in the center of the auditorium. The spot booth can serve as a calling area for the Stage Manager. All locations are on the second floor and are accessible by stairs or an elevator.
